TECH EXPERTS

Innovation Accelerator Dedicated to Advanced Materials and 3D Printing

RAMP is a product/startup accelerator fully dedicated to innovators utilizing carbon fiber, advanced composites or 3D printing

Diversified Markets - Different Stages

RAMP is for innovators and small businesses from a wide range of market sectors -outdoor sports and recreation, medical devices, construction, commercial drones and others.

Trustworthy Partners

RAMP is jointly sponsored by UAMMI- Utah's premier industry association for advanced materials and manufacturing; Grow Utah-and Davis Fund for Economic Development- a public loan fund supporting business innovation in the region.
